

Ignacio Martin Gimenez

Full Stack Developer, UI/UX/GFX Designer

My goal is to assist companies in crafting innovative solutions through designing and developing compelling and functional interfaces.

Passionate about technology and design, I'm always eager to learn new skills and stay updated with trends in the field. Based in Argentina, but available to work on projects globally.

Work Experience

Graphic Designer

Freelance, 2020 - Now

- Execution of graphic design projects for various clients.
- Collaboration in the creation of visual identities and promotional materials.
- Analyze large amounts of information to discover trends and patterns

As a freelance graphic designer, I undertake projects involving the creation of visual identities and promotional materials for diverse clients. My role also extends to collaborating with teams in proposing innovative solutions for new business challenges. Additionally, I mentor junior profiles and contribute expertise in Machine Learning algorithms, suggesting code improvements and new perspectives to address client needs effectively.

Certifications

Advanced HTML5

Photoshop CS6

Web positioning / SEO

Python
